23193	Mindst fire sprog til alle: Fremtidens sprogpoltiske udfordringer	Research Center for Social Development	ResearchInstitution	FO	A conference in Faroe Islands in august 2011 on language policy and "multi-linguality" in the Nordic countries. The purpose is to exchange research based knowledge and to develop theories in this field. The conference is expected to have 80 participants, and the target group is researchers, students, teachers and other interested actors. The conference is concerned with both the threat against Minority languages from the Nordic, national languages and the threat of English to small national languages, and the activities are focused on three themes: legislation, the autonomous areas and the change of strategy, from the existing problem/victim strategy to a more progressive/acting strategy.
