

Who can apply?

Who can apply?

The Nordplus Framework Programme is aimed at institutions and organisations in the participating countries that focus mainly on education and lifelong learning. Individuals may not apply for grants directly from the Nordplus administration, but they may take part in activities organised by an organisation or institution.

Only participants from the participating countries (Denmark - including Greenland and Faeroe Islands -, Estonia, Finland - including Åland -, Iceland, Latvia, Lithuania, Norway and Sweden) are eligible for financial support from Nordplus. Participants from other countries may take part in programme activities, but are not eligible for financial support from the programme.

In order to be eligible for Nordplus funding the activities must take place in one or more of the eight participating countries.

The three sector programmes are aimed at more specific target groups:

- Nordplus Junior Programme ? pre-schools, primary/secondary schools and upper secondary schools (academic or vocational schools)
- Nordplus Higher Education Programme? Higher education institutions
- Nordplus Adult Learning Programme ? all types of actors within the area of adult learning

Nordplus Horizontal is a cross-sectoral programme open for cooperation between many different target groups and actors within the education area.
