NORDPLUS Adult

Cooperation and network in the Nordic-Baltic region.

Nordplus Adult is one of four sub-programmes of the Nordplus Framework Programme 2008-2011, which is the Nordic Council of Ministers' educational programme. Nordplus Adult strengthens cooperation and creates networks and partnerships within the sector of adult education.

Nordplus Adult shall:

- strengthen and develop cooperation and create networks and partner-ships
- promote the development of quality and innovation within adult learning
- stimulate and develop adult learning in all its forms; formal, non-formal as well as informal learning
- create visible results

Nordplus Adult supports:

Mobility activities

- preparatory visits
- further education and training for teachers and other pedagogical staff
- exchange of participants in adult learning

Network activities

- thematic network projects

Project activities

- development projects
- mapping projects

About Nordplus

The Nordplus Framework Programme shall

- contribute to the development of quality and innovation in life-long learning
- support, develop, benefit from and disseminate innovative products and processes in education through good practice and the systematic exchange of ideas
- strengthen and develop Nordic cooperation in education and contribute towards a Nordic-Baltic education area
- promote Nordic language and culture and common Nordic-Baltic linguistic and cultural understanding

The Nordplus Framework Programme comprises:

- Nordplus Horizontal
- Nordplus Junior
- Nordplus Higher Education
- Nordplus Adult
