# Introduction

All beneficiaries of the Nordplus Junior programme must submit a final report to the programme administration one month after the end of the project period, as indicated in the contract.

The final report must present an account of the activities carried out and the results achieved. The final report has a narrative part, with a description of the activities carried out and the results achieved, and a financial part accounting for the use of the Nordplus Junior grant.

The following document presents the guidelines and requirements for the final report and the documentation of activities and contains a step by step guide for the reporting process. Some parts of the reporting differ between mobility projects and development projects.

Mobility projects are projects that consists of one, or more, of the following mobility activities: preparatory visits, study visits, class exchange and teacher exchange.

Development projects are strategic partnerships between school groups, organisations or institutions, working together on a specific theme or issue within education or lifelong learning.

The project type you have been granted is stated in your contract and in the report form.

# **1.** General information

# Language

The summary in the section "For publication" must be written in English. The rest of the report can be written in English or in a Scandinavian language, provided that all partners in the project are able to understand.

# Grants

Grants for projects in Nordplus Junior are based on *unit costs*, and the financial reporting is linked to the realisation of the activities in the project.

Mobility projects report their travelling in Espresso based on fixed unit costs.

Development projects register their activities in a separate budget template. The projects report all participating organisations and the transnational meetings carried out including the number of participants in those. The budget template is then attached the to the report. The expenses are also based on unit costs.

Development projects report the travelling costs for the transnational meetings for all participating organisations in a separate budget template and attach it to the report.

Please note the following:

- grants can never be increased or raised from the amount indicated in the contract. (Only costs for Special needs can be added)
- only activities within the contract period can be included in the final report and financial account.
- only costs directly related to the project and its activities are eligible.
- costs for non-Nordic or non-Baltic participants or costs for activities outside the Nordic or Baltic countries are not eligible.
- the final account must be certified by the legal representative of the coordinating organisation. Note that the coordinator must notify the legal representative as the Nordplus administration normally only writes to the coordinator.

# Documentation

Please note that documentation, such as receipts, transportation confirmations and attendance lists, is not to be submitted with the final report but must be kept by the coordinating organisation for at least five years after assessment and approval of the final report. No personal information about the participants in the project is to be submitted with the final report.

You need to establish a list of all the participants of each mobility. Keep the list at your organisation together with the rest of the documentation of the project. (link example).

# 2. Access to the final report

The report is available in the Nordplus application and reporting system Espresso, which is accessible from www.nordplusonline.org.

The coordinating institution is responsible for accomplishing the report.

The report is connected to the contact person's e-mail address of the coordinating institution; the same address as stated in the application. Therefore, the coordinator needs to log in using this e-mail address in order to get access to the

report. If another person than the contact person has submitted the application, this person will not have access to the report form. In order to get access to the form, the contact person must create a login using his/her name and the e-mail stated in the application.

When you have logged into Espresso, you can access the report form under "My tasks".

If you have submitted several applications, make sure to report on the correct project by checking the project reference number with the number stated in the contract.

# 3. The reporting process step-by-step

The system is built up using tags for the different parts of the application.

Once you have begun a report, it is possible to save it and then return to it later in order to finish and submit it. It is possible to do this under every tag in the reporting process. If you have forgotten to fill in a mandatory field, the system will signal this, so there is a chance to go back and complete your application before you submit it.

# Tag 1: Start

The first section of the report consists of general project information and access information.

# **Project information**

After logging in to Espresso and choosing the project you wish to report for, the project title and project number will be filled in automatically.

# Project access

In this section you can add or remove users having access to edit the report and add or remove users with reading access.

# **Tag 3: For publication**

Under this section, you are asked to provide a short description of the main outcomes and results of your Nordplus Junior project (maximum 350 words), in English. This will be published in Nordplus' project database.

# **Project information**

The information regarding project type and period is autogenerated and cannot be changed.

# **Outcomes and results**

The summary should cover:

- results, conclusions and impact of the project.
- the number of students and teachers involved in the project.

- the acquired knowledge, experiences, competences and skills of the pupils/teachers/staff involved.
- the impact of the project on the participating institutions.
- if relevant, the description may also include information on developed products/materials.

### **Results/outcome**

This section concerns the project's impact on pupils, teachers, other staff and the involved institutions. Describe both expected and unexpected outcomes, both positive and less positive. If any of the expected outcomes you stated in your application was not achieved, please describe this and, if possible, explain this as well.

Concerning teachers and other staff, describe impact and changes in pedagogics, didactics and methodology with concrete examples.

#### - 4.3.3. Impact on organisation .....

The Nordplus Junior project has contributed to institutional development of the participating organisations.

- Strongly agree
- O Rather agree
- O Neither agree or disagree
- Rather disagree
- Strongly disagree
- aborigiy disagree

What impact did the project have on institutional development of the participating organisations?

- improving the organisation and management
- training programme, or courses
- supporting the strategical quality development work
- Implementation/development of the curricula
- strengthening the cooperation with the partner organisations in this project

### Describe the impact of the project has had on the organisations involved.

Path: p

#### .. 4.3.4 Results/outcome ..

To what extent were results/products/outcomes, almed at previously at applications stage, achieved?

- Better than planned
- As planned
- O Worse than planned
- O Not at all

#### If your outcomes were different to those indicated at application stage; please explain the reasons for these changes. $^{\star}$

### Dissemination

In this section, you describe how you have informed about and spread the project in all the participating institutions, and how the outcomes are expected to be used by the participating institutions in the future. You should also describe how your outcome could be beneficial for others outside of the participating institutions.

In this section you are also asked to describe any problems or obstacles you encountered during the project, and how these were solved.

# **Tag 5: Mobility**

This is the section where you see the type of mobility project you were granted and report the mobilities you carried out. For project/networks this section is blank, and you can move on to section "6. Expenditure".

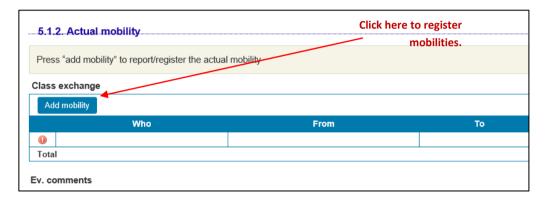

1.Start	2.Institutions	3.For publication	4.Reporting	5.Mobility	6.Expenditure	If your 7.Submitt than	project consists of more one type of mobility
Here you see the 6.Expenditure" a	e type of mobility you s and report your project	hall report on. If you are budget.	not granted suppor	t for mobility, this site will	be empty and you	can go toactivity/	action, there will be one each type of mobility.

	Who		From		То	Travelers	

### Granted mobility

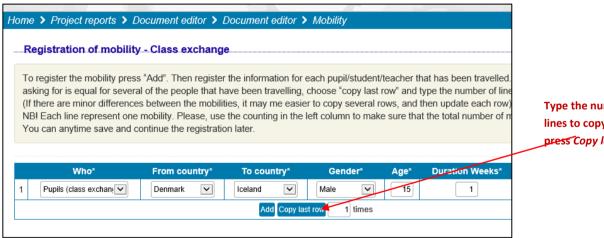

This table is autogenerated and shows the mobility type and number of mobilities you were granted.

### Actual mobility

In this section you report the mobilities that were actually carried out. Press "Add mobility" to register the actual mobility.

Register one row for each pupil/student/teacher/staff who travelled. If the data we are asking for is equal for several of the people who have been travelling, choose "copy last row" and type the number of lines you want to copy. *Remember* to save!

Please make sure that both the number of mobilities per return trip and the total number of mobilities for the whole project are correct before submitting the report. If you are granted domestic travels, you need to state the same to and from country, and the number for duration weeks should be "0".

Note: During the pandemic some of you have been approved to have digital exchanges, in those cases you must report as if you had travelled.

Type the number of lines to copy, then press Copy last row.

# Tag 6: Expenditure

### **Granted support**

This table is autogenerated and shows the support you were granted.

### Expenditure

Please type how much of the grant you have spent on each activity. Support for mobility is based on unit costs, and the expenditure should therefore be reported as unit costs (and not as actual costs).

Note: If all mobilities are fulfilled and carried out as indicated in the grant decision, the surplus money can be used to cover other cost relevant to the project. If you have questions, or are unsure, please contact the Junior administration.

EUR - Euro	Nordplus contribution	Sum
Mobility		
Class exchange	3 110	3 11
SUM - Mobility	3 110	3 11
Total	3 110	3 11
6.2. Expenditure	on each activity.	
	on each activity.	Sum
Please type inn how much of the grant you have spent		Sum
Please type inn how much of the grant you have spent EUR - Euro	on each activity.	Sum
Please type inn how much of the grant you have spent EUR - Euro Mobility	on each activity.	Sum 0

If you report a class exchange or teacher exchange or a combined project you must fill in the expenditure 6.2

### **Development projects**

For development projects you must fill in the expenses in 6.2 and attach a budget (based on unit costs, see below).

EUR - Euro	Nordplus contribution	Sum
Project support		
Project support	6 520	6
SUM - Project support	6 520	6
Total	6 520	6
6.2. Expenditure		
	Used of Nordplus grants	Sum
Please type inn how much of the grant you have spent on each activity.		Sum
Please type inn how much of the grant you have spent on each activity. EUR - Euro Project support		Sum 0
Please type inn how much of the grant you have spent on each activity.  EUR - Euro Project support Travel expenses		
Please type inn how much of the grant you have spent on each activity.  EUR - Euro Project support Travel expenses Board and lodging		0
Please type inn how much of the grant you have spent on each activity.		0

# Attachments (only for development projects)

Development projects should upload a file with detailed expenditure. This is **not** needed for mobility projects.

6.4. Attachment	
Please attach detailed expenditure. Only for granted projects/netwo	ork activities.
File upload         Choose a file to upload         Current files on document: <ul> <li>(49582) Budget NPJR.xisx (2)</li> </ul>	Press <i>Upload</i> to add a file. When the file is added, you will see it under "current files on document"
	e and Close Cancel

# Tag 7: Submit

When you have finished writing your final report, it is time to submit it. If you have missed to fill in a mandatory field, the system will signal this.

1.Start	2.Institutions	3.For publication	4.Reporting	5.Mobility	6.Expenditure	7.Submitt		
7.1. Preview								
Preview (opens in new window)								
Download PDF				download your report				
PDF DOWNIOad	PDF	Press "subm	it report"

Submit report		you have com	nlated your					
			Cancel					

\* If you use the **BACK** button, all unsaved changes on the current page is lost. The current page is saved automatically when navigating between the sections, or by using the Save button at the bottom of the page.

# 4. Assessment of final report

The final report, results and outcomes will be assessed by the programme administration based on the following criteria:

- the extent to which the project was implemented in line with the approved project application,
- the quality of activities undertaken and consistency with project objectives,
- the quality of the results, products and outputs produced.
- the calculation and execution of the final payment/ repayment depends on the realisation of the activities and the number of finalized mobilities.

# 5. Final comments

For further information or questions, please contact the Junior administration at <u>nordplus@uhr.se</u>

You can also contact the program office in your own country, please see <u>www.nordplusonline.org</u>

Best regards,

Nordplus Junior administration
